Pennsylvania just stood up and talked about Medicare+Choice and how this is the same. It is not. In fact, in this pennsylvania just stood talk medicarechoic fact bill, we are helping to make Medicare+Choice work. Just because we have choked off the funding to							
bill help make medicarechoic work just choke fund Medicare+Choice so it does not work for our seniors, including a bunch of mine, who were not getting the right							
medicarechoic work senior includ bunch mine get right reimbursement has nothing to do with this plan. This is an entirely different plan, but it does help on reimburs noth plan entir differ plan help							
Medicare+Choice, and I hope people are happy to hear that who are so concerned about it. This is a great plan. medicarechoic hope peopl happi hear concern great plan							
This is exactly what our seniors need. One would never design the Medicare program today without adding exact senior need one never design medicar program today without ad							
prescription drugs. The other side wants to add \$1 trillion of prescription drugs. After just voting not to raise the prescript drug side want add trillion prescript drug just vote rais							
edebt limit they want to add another \$1 trillion. We are doing this within \$350 billion, which is responsible, which debt limit want add anoth trillion within billion respons							
is, unlike what my friend from Wisconsin said earlier, a lot different than the bill 2 years ago. It is more money, unlik friend wisconsin said earlier lot differ bill year ago money							
yes, because we believe yes believ	e it is necessa necessa	•	provide seniors w provid senior			ed. CBO has scored ed cbo score	
this. CBO has said that this will lower prescription drug prices more than any other bill that has been introduced in cbo said will lower prescript drug price bill introduc							
this House that has been scored by CBO. Our bill lowers drug prices more. There is a discount for all seniors. In hous score cbo bill lower drug price discount senior							
fact, for the average senior there will be a 44 percent reduction in the drug costs. Average drug costs \$2,150, they fact averag senior will percent reduct drug cost averag drug cost							
⊴ only pay \$1,200 out of pay	pocket. That pocket	is a savings of save	44 percent. There percent	is another anoth	44 percent num		

≥ hear about tonight and that is for low–income seniors, which is 44 percent of seniors. They will pay no deductible.

∞ They will pay no percentage, 20 percent or 50 percent. They only have a nominal copay. They get this for free.

That is 44 percent of the seniors. The very people the other side has said tonight repeatedly they are worried about,

Republican Party has been talking about for the last couple of years, but it is even better than the one from 2 years

gago. It meets the principles. It lowers the cost of prescription drugs and does that now. It guarantees all seniors

and drug coverage. It gives seniors more choices including Medicare+Choice. It is a good plan. It is affordable. It is
